Ballot Request Form (Goldenrod)

Vote centers will now receive goldenrod colored Ballot Requests in addition to regular (white) ballot requests. Goldenrod ballot requests are slightly different from regular (white) ballot requests in that they contain additional checkboxes for changes of political party, changes of address, and live VBM return ballots. **Voters who are changing their political party or residential address at the vote center, or voters who are casting a live VBM return ballot must complete a goldenrod ballot request instead of a regular (white) ballot request.**

Change of Political Party/Change of Address

Riverside County voters can now change their political party and/or residential address at any Vote Center while still receiving a non-Conditional Voter Registration ballot. When a voter indicates they would like to change their political party and/or residential address, complete the following steps to process them:

1. If a voter would like to change their political party and/or residential address and **no other** information on their voter registration, they must complete a goldenrod Ballot Request and a Change of Political Party/Change of Address form. If they would like to change additional information on their voter registration other than their political party and/or residential address, they will need to go through the Conditional Voter Registration process.
2. Using the voter's completed goldenrod Ballot Request and Change of Political Party/Change of Address Form, find the voter in the EIMS database using the voter's information from the Ballot Request. **Only leads should be processing voters who have a change of political party and/or address.**

The screenshot shows the 'Voter Processing' interface for Anthony Carmine Petrillo Jr. The 'Update Voter' button is highlighted with a red box and a red arrow.
