

Art Tinoco
Registrar of Voters

Matthew Ceballos
Assistant Registrar of Voters

October 1, 2026

**Certification of the Results of the
Public Logic and Accuracy Testing of the Election System for the
November 3, 2026 General Election**

Commencing on October 1, 2026, and completing on October 1, 2026, Public Logic and Accuracy Testing of the Liberty Vote Voting System was performed in the office of the Registrar of Voters. During the test, all possible combinations of ballots were cast on the HiPro Optical Scanners that will be used in the November 3, 2026 General Election. These votes were then tallied and compared against the expected results previously made available to the public at the start of the testing.

The comparison showed that the equipment performed with complete accuracy. Results are available for inspection at the Registrar of Voters Office.

Sincerely,
Art Tinoco
Registrar of Voters
